Tuesday, March 19, 2019  
**Analysis Reading Seminar**  
Speaker: Y. J. Leung, University of Delaware  
Title: A (silly) conjecture on principal eigenvectors of the Hilbert matrix

Wednesday, March 20, 2019  
**Hallenbeck Graduate Student Seminar**  
Speaker: Melissa Fuentes, University of Delaware  
Title: On the Maximum Number of 5-colorings of an \((n, n^2/4)\)-graph

Thursday, March 21, 2019  
**Numerical Analysis and PDE Seminar**  
Speaker: Yang Yang, Michigan Technological University  
Title: Third-order conservative sign-preserving time integrations and applications in stiff multispecies and multireaction detonations

Friday, March 22, 2019  
**Math Education Seminar**  
Speaker: Charles Munter, University of Missouri  
Title: Envisioning and Enacting a Better Education
